

BRIDGE TO BRIDGE WATER SKI CLASSIC RULES

The NZWSRA Racing Rules (available on the Racing Committee page of the NZWSRA website (www.skirace.co.nz) apply to the Bridge to Bridge except where those rules are inconsistent with these rules. Accordingly, where there is any conflict between these rules and the NZWSRA Racing Rules, these rules shall apply.

The Bridge to Bridge Committee shall be the final arbiter in relation to any issue arising from these rules.

BRIDGE to BRIDGE

1. Running of the Race

1.1. Race Committee

There will be a Bridge to Bridge Committee (The Committee) set at the Management Meeting (as soon thereafter) preceding the event. This committee shall be responsible for all aspects of the Bridge to Bridge and may appoint a Chairperson if they deem this appropriate. This committee will be reportable to the NZWSRA Executive Committee.

1.2. Race Day Running

All aspects of race day running will be organised by the Committee. They will also appoint the following people to ensure race day runs appropriately (these may be the same people as the Committee if appropriate)

- **Race Controller**
Will be in control of all aspects of race day. Must be qualified and experienced enough to deal with all issues.
- **Safety Officer**
Will be responsible for the safe running of the race. Will consult with the Race Controller on safety issues. The Safety Officer may not necessarily be the same person over the whole weekend.
- **Ramp Marshall**
Will control all ramp and parking areas.
- **Starter**
Will control all starts, at the discretion of the Race Controller
- **Time Keeping Coordinator**
Will coordinate all time keeping and results.
- **Chief Judge** (must be a NZWSRA approved judge)
Will assist in judging of starts and penalties.
- **Chief Scrutineer**
Will ensure all craft are scrutineered.

The Committee may appoint other positions where appropriate.

Note - for SMOC, F2, and F5 sealing is not required (but motors must otherwise comply with NZWSRA Racing Rules). Classes are based on the motor (not the hull).

4. Special Rules

4.1. Long Race

4.1.1. Rules

As per NZWSRA Racing Rules except as provided in these rules..

4.1.2. Distance

Time Trial will be from Hamilton to Ngaruawahia and return

Long Race will be from Cambridge to Taupiri, return to Hamilton

BRIDGE to BRIDGE

4.1.3. Starts

Time trials – 1 at a time, 1 minute apart

From Cambridge – 1 at a time, 1 minute apart

From Taupiri – 1 at a time, 30 seconds apart

Penalties for breaking starts:

Anytime a boat breaks the start (any part of the boat is in front of the start line at the time their allocated start flag drops) that boat shall receive a 10% penalty.

That boat shall also receive an additional penalty equal to the amount they broke the start by (the 10% penalty above will be applied before this penalty is added on).

4.1.4. Seeding

Seeding for the Time Trial will be based on a combination of previous performance and expected performance and will aim to eliminate the need to pass another competitor.

Seeding for the long race will be based on:

- (a) cumulative times from the time trial, then
- (b) those who only complete one leg of the time trial will be seeded behind the last boat in their class(es) which completed the time trial, based on their one way times.
- (c) those who do not complete either leg of the time trial will be placed behind the last boat in their class(es) which completed one leg, or if all other boats in their class(es) completed both legs, behind the last boat in their class(es) which completed the time trial.

Race organisers may enter a hold in the start order at any position for safety reasons.

BRIDGE BRIDGE

4.4.6 Scutineering

Boats must be checked by scrutineers and considered safe to race.

5.0 Protests

5.1 Acceptance

Protests will only be accepted within 30 minutes from the time the last boat finishes the race.

5.2 Determination

Protests will be determined by the Committee. The Committee will determine the protest on the basis of what is considered to be in the best interests of the event. For example, a technical breach (such as wrong sized numbers) which is unlikely to have altered results is unlikely to succeed.
